

810mm

**Set page size to
810mm x 2210mm**

This allows for a 5mm bleed all round.

All images used should be set at 150 ppi at full size if possible.

Please don't put any text, logo's etc. closer than 40mm from the edge.

Supply as a press quality PDF file using a CMYK colour profile.

Remove this template before saving any artwork for print.

Any background colours or graphics near the bottom must be extended down to the full size specified.

Visible graphic is 800mm x 2000mm do not put any text or logo's below this point
